#### **How Sexual Offenders "Groom" Children: What Every Adult Needs to Know**

Description: This session is intended for all adults in the congregation who want to protect children and teens in the church, family and community from sexual harm. It includes an overview of the 5-step grooming process offenders often use to engage children in a trusting relationship prior to sexually exploiting the child. We will also view the compelling video "It's not Just Jenna", based on a true story of a teen sexually abused by a family friend. Her story illustrates how insidious the grooming process is, and helps viewers to better recognize the "red flags" that Jenna's parents missed. Their courage, good counseling, and faith in God allowed Jenna's family to heal from this tragedy, and now they want to share their wisdom with others.

Audience: Adults in the congregation, with a particular emphasis on parents, and also staff and volunteers working with children. Teens, age 13 and older are encouraged to attend and to discuss with their parents or church staff the story of Jenna in the video. Not suitable for younger children. ~Presented by Bethany Woodcock.

Let us be in prayer for these meetings, for our congregation, our conference, and our denomination. ~Grace & Peace, Pastor Randy
